## 20% Reduction in BWC Rates for Private Employers

Ohio private employers will receive a 20 percent reduction in the average premium rates beginning July 1, 2019. BWC Administrator/CEO Stephanie McCloud said several factors make the reduction possible, including safer workplaces, fewer and less costly workplace injury claims and low medical cost inflation. Claims have fallen 18 percent since 2010 to 85,136 in 2018. “We’re pleased to continue the trend of falling rates with a reduction that will save Ohio private employers more than \$200 million next year,” said McCloud. Governor Mike DeWine praised the move to reduce the rates. “Thanks to this substantial rate decrease, Ohio’s private employers will see significant cost-savings that they can reinvest in their products and employees,” said Governor DeWine. “This is a positive step toward helping to ensure that Ohio’s economy continues to thrive.” The 20 percent rate cut represents an average statewide change. The actual total premium paid by individual private employers depends on a number of factors, including the expected future claims costs in their industry, their company’s recent claims history, participation in various BWC rebate programs and assessments collected to fund the operations of the system.

## Go Green for 1% rebate with BWC

In order to receive your 1% rebate (up to \$2,000 annually) from the Ohio BWC by paying your premiums online via the website [www.bwc.ohio.gov](http://www.bwc.ohio.gov), your company or organization must now be enrolled to receive all policy notifications from the BWC electronically via email. To enroll, employers must update their electronic notifications on their “My Policy” page of their account at [www.bwc.ohio.gov](http://www.bwc.ohio.gov). This must be completed prior to the annual True-Up this August in order for the 1% Go Green Rebate to be received.

## OSHA Increases Penalties

As of January 23, 2019, the penalties for violation of OSHA standards and regulations have increased. Below are the maximum penalty amounts, adjusted for inflation. The increase is due to the enactment of the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (e.g., Inflation Adjustment Act).

Type of Violation	2015	2016	2017	2018	2019
Serious Other-Than-Serious Posting Requirements (1)	\$ 7,000	\$ 12,471	\$ 12,675	\$ 12,934	\$ 13,260
Failure to Abate (2)	\$ 7,000	\$ 12,471	\$ 12,675	\$ 12,934	\$ 13,260
Willful or Repeated (3)	\$70,000	\$124,709	\$126,749	\$129,336	\$132,598

*1,3 per violation*

*2 per day beyond the abatement date*

States that operate their own Occupational Safety and Health Plans are required to adopt maximum penalty levels that are at least as effective as Federal OSHA's.

## Unemployment Cost Control

**Unemployment Payroll Reporting** - April will not only bring showers, but unemployment payroll reporting for your first quarter of 2019 (January - March) and unemployment taxes are due by **April 30, 2019**. The reports can be filed either through the Employer Resource Information Center (ERIC) at [eric.ohio.gov](http://eric.ohio.gov) or the Ohio Business Gateway at [business.ohio.gov](http://business.ohio.gov). April is when you will most likely pay the majority of your taxes for the year since employers are taxed on the first \$9500 of an employee’s wages. Want to keep your unemployment taxes to a minimum? The best way to control costs is through effective claims management. We can help with that. If you would like more information on how much a claimant can collect or how much you, as an employer, may be charged, please contact our Unemployment Manager, Kammy Staton at 614.526.7165 or [kammy.staton@careworkscomp.com](mailto:kammy.staton@careworkscomp.com).
